

***QUEENSLAND PARKS AND WILDLIFE SERVICE***

You want:

- The public to realise that National Parks are primarily for the protection of wildlife populations and natural habitats and that public recreation is of secondary importance to your department
- To manage the uses people make of Mt Spec National Park (part of the Paluma Range National Park) and that part of Mt Spec State Forest soon to come under your jurisdiction
- To be provided with the resources, both human and financial, that will allow you to effectively manage both your existing areas and the new areas you are about to inherit from Mt Spec State Forest

***DEPARTMENT OF NATURAL RESOURCES (FORESTRY)***

You want:

- To divest yourself of land that you can no longer selectively log because of its World Heritage status
- To be able to continue selective logging in the remaining parts of State Forest 268 adjacent to the Wet Tropics World Heritage Area
- To be provided with the resources, both human and financial, that will allow you to effectively manage the area of Mt Spec State Forest that will remain under your control
- Parks and Wildlife to maintain infrastructure like roads in a condition suitable for use by the timber industry

***WET TROPICS WORLD HERITAGE AREA MANAGEMENT AUTHORITY***

You want

- The public to appreciate the World Heritage values of the Wet Tropics through the provision of interpretive facilities
- To work with Parks and Wildlife in protecting the World Heritage values of both their existing and new land tenures
- To make available to Queensland Parks and Wildlife limited funding to enable these things to happen
